Subject: RE: F.O.E. # 3850 Permanent Extension of Premises Permit

Hi Evie:

In February of last year, the Eagles Lodge was approved for a rezoning to make the zoning on the newly acquired property north of their original site, the same as their original property. The last few months they have completed their survey and lot combination process. As of last week, they submitted their building permit application to construct new improvements and connectivity between their two buildings, as illustrated on the enclosed site plan. The permit application will go through our normal review process.

Development Services recommends approval of their liquor license request.
