Re: Neighborhood Meeting Notes

Date: 3/24/25

We held our Neighborhood Meeting at 6:00pm on March 18, 2025 at the Apache junction Multigenerational Center. Notifications for this meeting were mailed out on February 18, 2025. 13 Letters were mailed out. Only one of the adjacent property owners showed up. The Attendees were: Myself, Erika Hernandez, and Creston Hatch. Creston Hatch owns the 3 lots to the south of our property.

We Explained what we were planning to accomplish. We supplied Mr. Hatch with drawings illustrating our plans. These drawings were the "site plan and the landscape drawings" that have already been submitted in my portal for this CUP. There were no concerns brought up. He said he was in support of our project.
