Assistant City Manager Matt Busby introduced Angela Gotto, Administrative and Special Projects Coordinator with Central Arizona Governments (CAG). She presented the purpose of the Public Hearing was for input regarding possible projects for the 2025 Community Development Block Grant (CDBG) funding cycle. The City is expected to receive approximately \$156,800.00 in federal fiscal year 2025 CDBG regional account funds from the Arizona Department of Housing. All proposed regional projects must meet one (1) of three (3) national objectives: benefit low to moderate income persons in the area, alleviate slum and blight in the community, or address an urgent need. She gave examples of possible uses for the funding and stated that the City may also apply for approximately \$750,000.00 in State Special Projects Funding. The next Public Hearing is to make a decision on which projects the City would like to apply for.

Mr. Busby listed the possible projects that Staff suggested:

1. Apache Villa subdivision sidewalk project - repair sidewalks and bring up to modern standards
2. Palm Springs drainage improvements - repair curbs and gutters
3. Construction of the library reading garden
5. Loan an Air Conditioning program - for residents to borrow until their air conditioning is repaired
6. Emergency Rehab Program - household repairs for up to \$15,000.00 per household

Councilmember Johnson expressed her concern for the timeline on choosing the projects and needed more time to discuss each one.

City Manager Bryant Powell asked if there was enough time to bring this topic back for further discussion before the next Public Hearing.

Ms. Gotto responded they could move the second Public Hearing to September 2, 2025, to allow further discussion at the August Council Meetings. She informed the Council that the application for the grants are due November 1, 2025 and they could do another first Public Hearing if the Council wanted to.

Councilmember Cross suggested a full list of the projects listed and an explanation for each of them before the next meeting so council has more time to consider.

Ms. Gotto stated if she receives the list of potential projects in advance then she can confirm they are eligible for the grant funds before they are voted on.

Planner Nicholas Leftwich presented that P-25-10-GPA is a proposed Major General Plan Amendment of the Apache Junction General Plan Land Use Map, requesting a change of the 36.60-acre subject site's designation from Commercial to Light Industrial/Business Park and Industrial. Due to the size of the proposed change (over 10 acres), it is categorized as a major amendment.

P-25-11-PZ is a proposed planned development rezoning of the 36.60-acre subject site currently zoned General Rural Low Density Single-Family Detached Residential("RS-GR") to Industrial by Planned Development ("B-5/PD") with a new planned development overlay to authorize the development of the manufacturing facility.

Planning & Zoning Commission Hearing and Recommendation:

As the proposed rezoning by Planned Development and Land Use Map change consists of an area greater than 10 acres, the proposal has had to comply with all requirements of a Major General Plan Amendment, including holding two separate public hearings with the Planning and Zoning Commission.

The Planning and Zoning Commission held the first public hearing for P-25-10-GPA and P-25-11-PZ on June 10, 2025, at the Superstition Fire & Medical District Board Room. No resident comments were made during the public hearing.

The Planning and Zoning Commission held the second public hearing for P-25-10-GPA and P-25-11-PZ on June 24, 2025, at the Apache Junction City Hall. One Apache Junction resident

provided comments supporting the project for the employment opportunities it would bring to the community.

The Planning and Zoning Commission evaluated the Major General Plan Amendment and Rezoning by Planned Development proposal and subsequently voted 5-0 for both items to be forwarded with recommendations of approval for P-25-10-GPA and P-25-11-PZ to the Apache Junction City Council.

Applicant Sundt Construction representative Brennan Ray of Ray Law Firm presented an overview of what the building and outside area will look like. He went over the type of work that will be done and showed examples of finished projects. He responded to the comments and questions brought up during the Work Session on July 14, 2025, regarding landscaping. He expressed Sundt's excitement to work with the City and the great location.

Councilmembers had no concerns.

Mayor Wilson opened the Public Hearing.

Andre Meek, 1327 S. Belair Road, Apache Junction, stated his support of this proposed change.

Donna Carr, Apache Junction, voiced concerns about the chemicals they may be using.

Mayor Wilson closed the Public Hearing and asked for a motion.
