ARTICLE 8-8 SPECIAL EVENTS

Ordinance #1573

**Amends the City Code Volume I, Chapter 8: BUSINESS
by repealing Article 8-8: Requirements for Community and Civic
Events**

and replacing it with a new Article 8-8: Special Events

**Does not alter the current special event administrative process
implemented over the past several years**

**Does not change what has been defined in CUPs or other existing
City sponsored/partnered events**

ARTICLE 8-8 SPECIAL EVENTS

Key Changes from previous version:

- The new ordinance addresses multiple event aspects and not just business licensing
- Simplified and combined “civic events” and “community events” into “Special Events”
- Further clarifies original event definitions & exemptions
- Does not add or change any fees; it does eliminate some fees
- Clarifies requirements for an event permit, and reinforces consequences for hosting an event that impacts city resources without permission
