Home of the Superstition Mountains

---

Date: January 6, 2025  
To: Mayor and Members of the City Council  
Through: Bryant Powell, City Manager  
Ted Wolff, Public Works Director  
From: Shane Kiesow, Public Works Manager  
Subject: Project # HFS24-15 Award

City staff respectfully requests city council consideration of award of contract to MR Tanner Construction for project HFS24-15 for the retrofit of Superstition Blvd. sidewalk ramps for a not to exceed amount including 10% contingency for unforeseens of \$167,769.36. Project is budgeted with use of HURF and Pinal County Transportation Sales Tax monies.

This work was discussed with council at the July 16, 2024 City Council regular session under Public Works' "Fiscal Year 2025 CIP & Street Maintenance Plan." The work involves the retrofit of sidewalk ramps along Superstition Blvd. to bring them up to current Americans with Disability Act ("ADA") standards. By law, ADA improvements need to be completed when a street is improved. Superstition is planned to be repaved within the next two years which qualifies as an improvement triggering this needed work. The segment of Superstition Blvd. to be covered by this project is from Meridian Drive to Idaho Road. The project would last for about two to three weeks during the March – May 2025 timeframe. Work would occur during the daytime hours with lane and sidewalk closures planned for those areas active with construction. No side streets or entrances to residential or commercial properties would be impacted.
