**Apache Junction- Multi-Generational Center - 1035 N Idaho Rd, Apache Junction, AZ 85119**

**Attendees: Grant Taylor- Empire Southwest & Erika Hernandez- City of Apache Junction Planner**

City of Apache Junction,

Empire Southwest held a Neighborhood Meeting at the AJ Multi-Generational Center located at 1035 N Idaho Rd, Apache Junction, AZ on August 20<sup>th</sup> from 6pm to 7pm for the purpose to meet with any citizens or neighbors about our proposed use of parcels 102-56-0190, 0200, 0220, 0230, in the Baseline Industrial park, to be used as additional equipment storage.

We had the proposed site and colored landscape plan 24" x 36" ready to present for any discussion and questions.

No property owners attended the meeting, only myself and Erika Hernandez with the City of Apache Junction.

There are no concerns expressed by the public based on no one attending the meeting.

We look forward to working with you and the City of Apache Junction on this request.

Sincerely,

Grant Taylor
