City Attorney Joel Stern explained that this Item is a continuation from December 2, 2025, where Council adopted Ordinance No. 1569. In 2023, the Arizona State Legislature passed and approved Senate Bill 1103, which amended the Arizona Revised Statutes for cities and towns (A.R.S. §§ 9-500.49) to note that city councils may pass an ordinance authorizing administrative city staff to review and be the approval authority of "site plans, development plans, land divisions, lot line adjustments, lot ties, preliminary plats, final plats and plat amendments without a public hearing". Within the City of Apache Junction, staff already administratively approves most of those items, but preliminary plats, final plats, and the amendments of plats are all items currently approved by the city council at public meetings.

Because this statute's provisions were optional, no text amendment to city code had been required to change the city's processes and procedures. However, earlier this year, the Arizona State Legislature passed and approved House Bill 2447, which modified A.R.S. §§ 9-500.49 to

make these noted, previously-optional changes mandatory, so that a city shall now pass an ordinance authorizing administrative staff approval of all noted items.

As the approval of preliminary plats, final plats, and plat amendments are the only items our city code currently requires city council approval for among the noted list, this text amendment proposes modifications to the Apache Junction City Code, Vol. II, Land Development Code, Chapter 2: Subdivision and Minor Land Division Regulations to comply with HB 2447.

Chapter 2: Subdivision and Minor Land Division Regulations, contains many references to the Planning and Zoning Commission and City Council Hearings that plats would be presented for review and approval, all of which are proposed to be modified to re-word the code language to identify administrative personnel as the approval authority and remove requirements for Public Hearings, per the requirements of HB 2447.

The affected portions of the city code are identified in the Redline Exhibit "Draft Amendment Redlines to Apache Junction City Code, Volume II, Land Development Code, Chapter 2: Subdivision and Minor Land Division Regulations" while a clean copy showing the proposed amended text without any notations is also provided.

Mr. Stern stated that Council will need to approve Resolution No. 25-31 in order to make Ordinance No. 1569 effective.

Councilmembers had no concerns.

Mayor Wilson opened the Public Hearing, receiving no comments, he closed the Public Hearing and asked for a motion.

Motion passed unanimously but Councilmembers did state their frustrations with the State forcing their will upon local governments.

11. [25-631](#) Presentation, discussion, public hearing and consideration of Resolution No. 25-24 of Conditional Use Permit ("CUP") case P-25-38-CUP, a request by Roers Companies, represented by Greg Davis of Iplan Consulting, for the approval of a 300-unit, three-story, multi-family residential rental community on approximately 13-acres zoned City Center ("B-3") near the southeast corner of Idaho Road and the Scenic Street alignment.

Councilmember Heck moved, seconded by Councilmember Nesser that the presentation and discussion of Resolution No. 25-24 Conditional Use Permit Case P-25-38-CUP be continued to January 20, 2026, and the discussion, Public Hearing and consideration of Resolution No. 25-24 on February 3, 2026.

Planner Nicholas Leftwich stated the applicant has requested a continuance until January 20, 2026, to allow for more time to address the traffic and architectural concerns.

Councilmember Johnson asked if the January 20, 2026, meeting is enough time for the applicant.

Roers Company representative Peter Schroeder assured Council that they will be ready by the next Council meeting.

City Attorney Joel Stern confirmed with the applicant that they would like to present at the January 20, 2026, meeting and have a Public Hearing.

Mr. Peter Schroeder confirmed that was correct and that they would also like to have the Council vote that evening.

Councilmember Soller asked if the Council will receive the new information prior to the meeting.

Mr. Stern reminded Council of the Open Meeting Laws. He suggested an Old Business Item on January 20, 2026, and then the Public Hearing and consideration on February 3, 2026.

Mayor Wilson asked Mr. Leftwich to explain the density requirements for the area of this apartment complex and the process of making a change to the General Plan.

Mr. Leftwich went over the process to make a General Plan amendment and answered Mayor Wilson's questions.

Vice Mayor Schroeder asked what other types of developments are acceptable in this area and if this project is not approved, it would not affect the general plan.

Councilmember Cross asked for clarification on the density.

Mr. Leftwich responded to all concerns.

Mayor Wilson opened the Public Hearing.

Donna Carr, 2178 W. Virginia Street, Apache Junction, expressed her opposition for this project.

Mayor Wilson moved this item to before the Public Hearings.

Assistant City Manager presented that on September 4th, 2025, the City issued a Request for Proposal for conduit and fiber installation. On November 3rd, 2025, the city received nine responses: Mears Broadband LLC, BPG Designs LLC, Pauley Construction LLC, TeamFishel, Hp Communications Inc, Allo Fiber Allo Communications, B&F Contracting, MP NexLevel, and Kimley Horn. IT Staff reviewed the responses and found that all the vendors were over budget.

IT Staff respectfully requests to reject all responses for RFP IT2025-01 Conduit and Fiber Installation for the City, and staff will work to re-engineer the project scope to a more manageable budget and use procurement resources available.

Councilmember Soller inquired why the City's budget was so far off from the bids that were submitted.

Councilmember Johnson asked if the bids were broken down into priority areas.

Councilmember Heck asked if this project would complete the City's fiber optics.

Mr. Busby responded to the Councilmembers.
