

3. [25-076](#) Presentation and discussion on the applications submitted for Fiscal Year 2025-2026 funding.

Commission members discussed the 5 applications that were submitted for funding for Fiscal Year 2025-2026. The concerns they had included:

1. Apache Junction Community Development Corporation - fundraising, average cost per clean up, how many referrals from the City they received in 2024, confusion on expenses listed, and what the barriers are for not doing more projects.
2. Begin Again Homes - funding for Apache Junction residents only, confusion on how the emergency hotel stays are handled, no financial history, and what other funding they receive.
3. Boys and Girls Club - fundraising events and other grants received, retention of students, statistics listed for all of Arizona and not just Apache Junction, and what the funding will be used for.
4. Over-Flo Missions - timeline of when they will provide services, confusion on the budget and advertising of service.
5. Superstition Community Food Bank - funding from other cities, qualification process, seniors on the waiting list, size of food boxes per family, community partnerships and success of the holiday meal boxes.

Board Liason Evie McKinney stated she would email the applicants the video of this meeting so they can be prepared for their presentations. She also notified the Commission that the Boys and Girls Club received a grant from the VFW for \$11,000 last year.

Ms. McKinney also went over the previous years funding Comparison Table and the Commissioner's scoring sheet. She informed the Commission that Horizon Health and Wellness declined the funding awarded last Fiscal Year.

4. [25-095](#) Consideration and Discussion on other duties the Commission is responsible for.

Board Liason Evie McKinney suggested meeting after the funding recommendations have been completed to expand on additional Commission duties.
