

RECREATIONAL VEHICLE. A vehicle or unit generally described as 1 or more of the following:

- (1) *Tent camper.* Mounted on wheels and constructed with collapsible partial sidewalls which fold for towing by another vehicle and unfold for camping.
- (2) *Motor home.* Designed to provide temporary living quarters for recreational, camping or travel use, and built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van that is an integral part of the completed vehicle.
- (3) *Park model.* Built on a single chassis, mounted on wheels and designed to be connected to utilities necessary for operation of installed fixtures and appliances and has a gross trailer area of not less than 320 square feet and not more than 400 square feet when it is set up, except it does not include fifth-wheel trailers.
- (4) *Travel trailer.* Mounted on wheels, designed to provide temporary living quarters for recreational, camping or travel use, of a size or weight that may or may not require special highway movement permits when towed by a motorized vehicle and has a trailer area of less than 320 square feet. This includes fifth-wheel trailers. If a unit requires a size or weight permit, it must be manufactured to the standards for park trailers in ANSI A119.5 of the American National Standards Institute Code.
- (5) *Truck camper.* Constructed to provide temporary living quarters for recreational travel or camping use and consisting of a roof, floor and sides designed to be loaded onto and unloaded from the bed of a pickup truck. A **RECREATIONAL VEHICLE** shall not be considered a dwelling nor be occupied as such, and is not a manufactured home.
