

Geographic Information Systems (GIS) Update

City of Apache Junction
City Council
April 1, 2025

What is GIS?

GIS Is Multidisciplinary
Working With Various
Fields & Departments

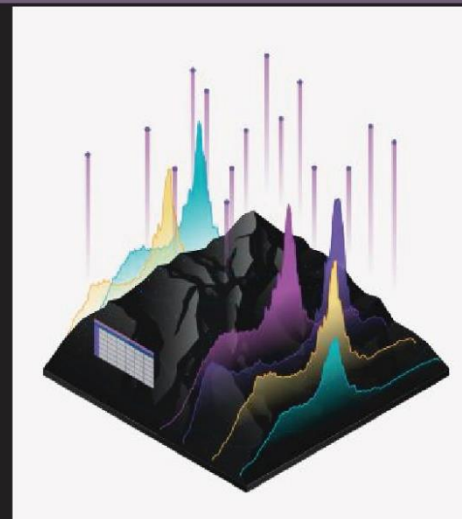

GIS Is A Useful Tool To
Give Spatial Awareness
In Decision Making

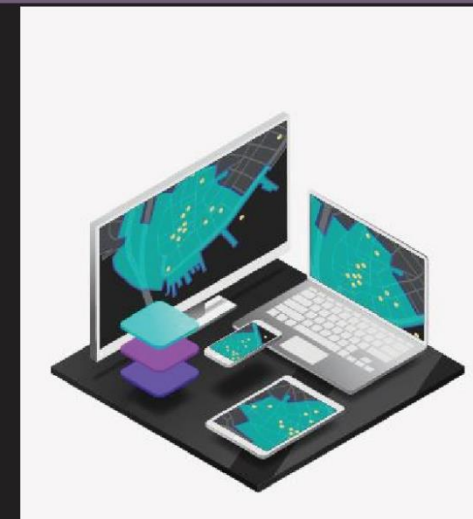

Maps

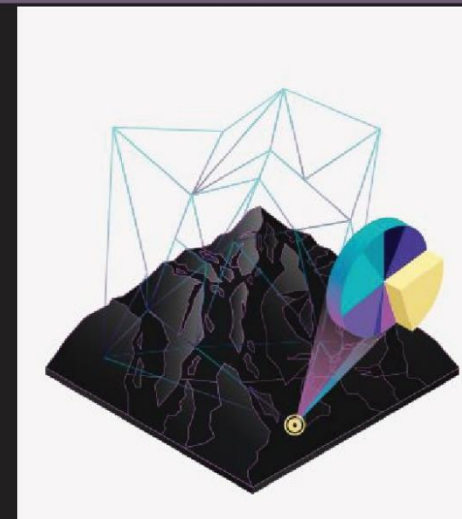

Data

Analysis

Apps

GIS Applications

- Public can access our content here:
 - Apache Junction Homepage > Our Community > Maps & GIS
 - Direct Link: <https://www.apachejunctionaz.gov/GIS>
- We also publish a variety of applications for staff to use
 - These can be managed at the organization level (all staff) or by groups, so only select staff can see them
