City of Buckeye – On-Call Consulting for Engineering and Architectural Services
Category 14: Construction Management
Request for Price Adjustment
CEI #926.00 & #928.00

Dear Ms. Glasmann:

Consultant Engineering, Inc. (CEI) would like to thank the City of Buckeye for the opportunity to provide our services under this contract. CEI will enter year three of our contract with the City of Buckeye on January 10, 2024. We would like to respectfully request consideration for a cost-of-living allowance for this contract.

Per the Bureau of Labor Statistics website, COLAs are based on increases in the Consumer Price Index (CPI) for Urban Wage Earners and Clerical Workers (CPI-W) and are calculated monthly. The most widely used measure of inflation is the CPI, which is closest to a cost-of-living index. The U.S. Department of Labor calculates the change in the CPI for urban wage earners and clerical workers from the third quarter average of the previous year to the third quarter average of the current year. Per the attached CPI spreadsheet, there has been a steady monthly increase based on the West Urban area

The approved and proposed COLAs per the Bureau of Labor Statistics data for 2023 is 3.2%. CEI respectfully requests consideration for an 3.2% increase to our rates for our third (1) one-year renewal as per the attached rate schedule.

We thank you for considering our proposal and should you have any questions or need any clarifications regarding the proposal please do not hesitate to contact me at (480) 258-4829 or mosman@cei-az.com. We look forward to continuing our association with the City of Buckeye.

Sincerely,

CONSULTANT ENGINEERING, INC.

Maher N. Osman
Executive Vice President
