The tactics outlined in this action plan will forward
Greater Phoenix as a leading market that drives innovation, fosters creativity and creates equitable opportunities.

# Letter from Chris Camacho President & CEO

Dear Partners and Stakeholders,

As we enter the third and final year of GPEC's FY23-FY25 Strategic Plan, I am filled with optimism for the future of Greater Phoenix.

Over the past year, we have made great progress in executing against our vision of a future economy grounded in innovation, dynamism, anti-fragility and equity. Through intentional planning and collaboration across GPEC's public and private partners, Greater Phoenix has become a dynamic ecosystem where startups, legacy companies and the vibrant impacts of arts and culture intersect to drive growth and connectivity.

This intersection is key to our success and sets us apart as a region that others across the U.S. look to for inspiration. We now have the opportunity to fortify the region by focusing on emerging and innovation-driven sectors, furthering this prominence nationally and internationally as global eyes shift towards Greater Phoenix.

Our unique public-private model is instrumental in ensuring our work has a tangible impact on our communities while building a stronger economic future. It allows us to collaborate effectively, leveraging strengths and resources to create a region where everyone has the opportunity to succeed. I want to extend my gratitude to our community partners, board members and private sector investors for their dedication to advancing Greater Phoenix's prosperity.

The tactics outlined in this action plan will forward Greater Phoenix as a leading market that drives innovation, fosters creativity and creates equitable opportunities. Thank you for your continued partnership and dedication to our shared vision.
