

5. Call to the Public

Mr. Mehmood Mohiuddin, 2304 N. Cortez, Apache Junction addressed the commission to request the city change its zoning code to allow 5-6 events per year at his establishment as part of a CUP approval and without a requirement to upgrade the on-site sanitary septic system.

Commissioner McGraw directed staff to place this item on a future agenda for discussion.

Presentation and discussion of case AM-2-17, a city-initiated text amendment to the Apache Junction City Code Volume II: Chapter 1: Zoning Code, Article 1-11 Sign Regulations. Staff will present proposed amendments to Article 1-11: Sign Regulations.

Director Kirch presented case AM-2-17, a city-initiated text amendment to the Apache Junction City Code Volume II: Chapter 1: Zoning Code, Article 1-11 Sign Regulations.

Chair Nesser asked Director Kirch about how clutter will be defined. Director Kirch answered that there is an aesthetic aspect to sign regulations. Communities are still allowed to regulate things such as proliferation of signs, discontinued signs, non-conforming signs. These all add to what can be considered visual clutter. City Attorney Stern added that many communities leave the definition up to the code officer. He added that it is sometimes difficult to define every single word in the document because it would go on too long. He also added that one would go by what is a reasonable definition of visual clutter. He reminded the commission that staff is here to assist and will change the document according to their wishes.

Vice Chair Heck asked for clarification on what is allowed on signs. Director Kirch said our code no longer governs what can be put on a sign, it no longer requires that it be a commercial message. Vice Chair Heck asked if the city can regulate what the sign says. Director Kirch said the city can't regulate what is put on a sign except for hate speech.

Director Kirch explained additional recommended changes to the sign code regulations.

Chair Nesser asked if prohibited portable signs include a-frame signs. Director Kirch answered it does include a-frame signs except for B-3 zoning district which is downtown.

Chair Nesser asked if the code prohibits inflatable signs or moving air filled signs. Director Kirch said attention getting signs or devices are prohibited which these types of signs would be considered.

Chair Nesser asked about signs located on buses and vans. Director Kirch said these types of signs would be considered vehicle signs.

Director Kirch explained additional recommended changes to the sign code regulations.

Chair Nesser asked if political signs at residences were the same as other signs - only one allowed. Director Kirch said that it's a permanent sign. Political signs aren't regulated on residential property.

Director Kirch explained additional recommended changes to the sign code regulations.

Chair Nesser asked about situations where there may be two story residential neighborhoods where the first story is one business and the second story is a second business. She asked how the signs would be handled in that situation. Director Kirch said that can be discussed when the zoning code is amended. He added this isn't anything at this point that would stop someone from having two businesses in their house.

Director Kirch and the commission continued their discussion on the recommended changes to the sign code regulations.

[17-403](#) Presentation and discussion of case AM-3-17. a city-initiated text amendment to the Apache Junction City Code Volume II: Chapter 1: Zoning Code, Article 1-5 Residential Bulk Regulations, Section 1-5-2 Residential Bulk Regulations. Staff will present proposed amendments to allow porches in the front setback in residential zoning districts.

Director Kirh gave a resentation of case AM-3-17. a city-initiated text amendment to the Apache Junction City Code Volume II: Chapter 1: Zoning Code, Article 1-5 Residential Bulk Regulations, Section 1-5-2 Residential Bulk Regulations.

Director Kirch and the commission discussed the previoulsy proposed amendments to the city zoning code.
