Subject: RE: Mirage Sports Grill

For the Building Department there are some concerns with the conditions of the rear exit doors which were discussed with Eric the owner. I also mentioned them to John Suniga.

I don't think they affect the area designated for the wagering, so I have no issues with the license being approved. Dave Z.

I have not yet received your department recommendation for the off track wagering at Mirage Sports Grill for Turf Paradise. Please have your recommendation to me no later than noon tomorrow so that this can be on the May 19 meeting agenda.
