

Apache Junction Parks and Recreation Strategic Plan 2023

Introduction

The Parks and Recreation Commission and city staff have developed this strategic plan to align our diverse services with the City's General Plan and the changing needs of our community. The commission met over the last year to analyze each of the components and surveyed 719 residents and visitors in the community on their opinions and interests to ultimately lead to the final decisions in this document.

The Strategic Plan will serve as a guide to help prioritize and budget for critical programs, facilities, and services. It is a living document that will change as necessary and will be updated on an annual basis by the Commission. Most of the items are listed according to our Fiscal year (July-June); however, there are some stats that are most effectively shared on a Calendar Year (January-December) basis.

Fiscal Year 2023-2024 Capital Facility Projects:

- Addition of administrative offices/storage and a fitness deck at the Multi-Generational Center, as well as updated flooring throughout.
- Superstition Shadows Park improvements to include renovations, a new restroom, and outdoor fitness circuit
- Prospector Park general renovations, new ballfield LED/shielded lighting, and a new vault style restroom on the north side
- Construction of Painted Sky Park, Ironwood Linear Park, and Ridgeline Linear Park in the Superstition Vistas Development to include a lake, walking paths, adventure playground, dog park, and much more
- Rodeo Event Center Master Plan review and prioritization of new amenities
- Design and Funding Research for trails, trailheads, and future connectivity, to include the CAP Trail and US60 multi-purpose path

With the expansion of facilities and program areas, our team will continue to grow. We will be adding a new Park Ranger, a Parks Superintendent, and exploring positions that will be needed to effectively run our newly purchased Rodeo Event Center. As always, our goal is to serve our community and deliver the best parks, facilities, and programs possible - making sure #ajplays!

Liz Langenbach
Parks & Recreation Director

About Our Team

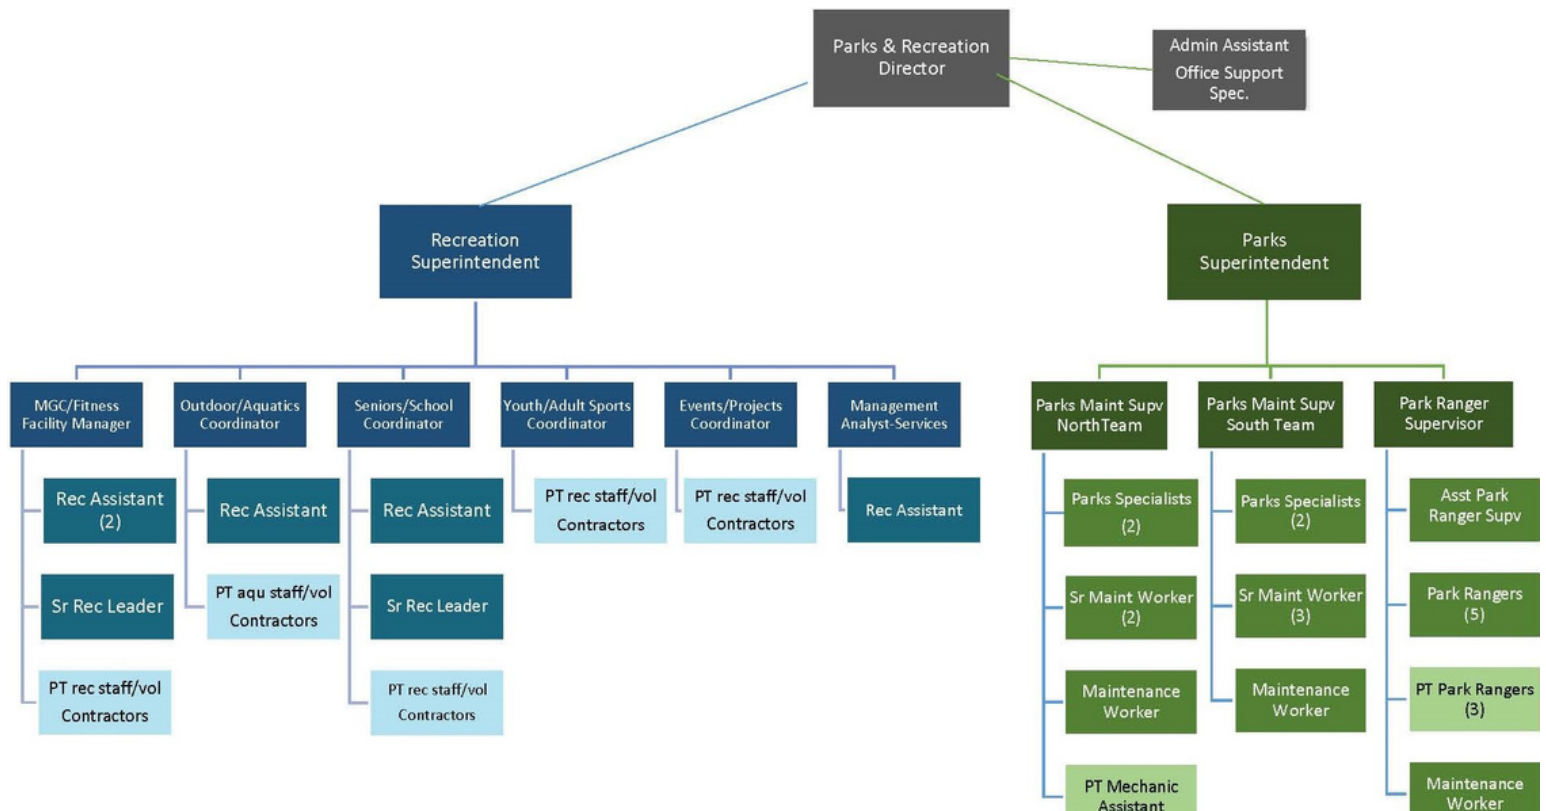

Our Vision

Connecting through people, parks and programs

Our Mission

Through exemplary performance, the Apache Junction Parks and Recreation Department provides quality services to an entire community with diverse recreational programs and an integrated, efficient and safe system of parks, trails and recreational facilities. To accommodate growth, the department also promotes visionary leisure opportunities and community partnerships in a progressive, innovative fashion, while demonstrating appreciation for a sensitive environment.

Organizational Chart
