**Subject:** Apache Junction City Code, Vol. I, Chapter 8: Business regulations concerning fortune telling businesses

Following the April 24<sup>th</sup> City Council discussion regarding fortune telling businesses and the permit fees prescribed to them in the Apache Junction City Code, Volume 1, Chapter 8: Business, Staff coordinated with the Police Department and confirmed city policies and procedures for the business license staff reviews of fortune telling businesses. There was a question raised regarding whether the \$1,200 permit fee is necessary and if it is to be used for background checks, but we find that no background checks are performed for these businesses. The Police Department noted they would need explicit authority from the City Code to conduct background checks, such as is required by the code for specific other business types, such as sexually oriented businesses or liquor licenses. In the absence of such a requirement and practice we find no need for the city to continue charging an annual \$1200 fee in addition to standard business licensing costs.

Per these findings, Staff recommends a Direction to Staff to initiate a code amendment to the Apache Junction City Code, Vol. I, Chapter 8: Business, § 8-1-1 Definitions and §8-2-7 Permits; Fees to remove the \$1200 permit and fee for fortune telling businesses.
