[16-86](#) Consideration of approval of agenda.

5. Public Hearings

[16-83](#) Presentation, discussion and recommendation on case PZ-2-15, a city-initiated corrective rezoning for The Pueblo RV Resort Subdivision, from Recreational Vehicle Park ("RVP") to Recreational Vehicle Park by Planned Development ("RVP/PD"). RV subdivisions in Apache Junction have all been approved as planned development (PD) zoning districts, including The Pueblo (originally zoned TH/PD). The adoption of the city's new zoning maps inadvertently left off the "PD" designation. This corrective rezoning seeks to re-assign a PD zoning district to the unique, 20-acres gross, resort subdivision with amenities, located at 201 E. Southern Avenue, at the southeast corner of S. Idaho Road and E. Southern Avenue.

Planning Intern Jesse Regnier presented case PZ-2-15, a city-initiated corrective rezoning for the Pueblo RV Resort located at 201 E. Southern Avenue, the southeast corner of Idaho Road and Southern Avenue. He said the commission gave staff direction last May to proceed with the rezoning. He said this property is a 20-acre RV Park Subdivision, constructed in 1985. He told the commission that during the adoption of the city's new zoning maps the "PD" designation was inadvertently left off. He said staff is recommending approval to re-establish the RVP/PD zoning on the property, to accommodate site and building design flexibility.

Chair Nesser opened the public hearing.

Ann Carswell, 201 E. Southern Avenue, Apache Junction, Arizona requested to speak. Ms. Carswell indicated she represents the HOA in Pueblo. Ms. Carswell said she is asking for assurance that this change will not affect their taxes or their existing setbacks and that things will remain the same.

The public hearing was closed.

Vice Chair Hill made a motion for approval with all recommended conditions. Commissioner Heck seconded the motion. The commission approved the motion with a 7-0 vote.

After vote, Senior Planner Rudy Esquivias advised Ms. Carswell to contact Pinal County Assessor on taxes. He said there shouldn't be any changes but that information needed to come from that governing body. Senior Planner Esquivias also said all setbacks will remain the same.

Presentation, discussion and recommendation on case PZ-1-16, a city-initiated corrective rezoning for a +/- 1.25 acre vacant portion of a +/- 8 acre parcel (101-16-013C) from Recreational Vehicle Park ("RVP") to General Commercial ("B-1"). The adoption of the city's new zoning maps inadvertently zoned this portion incorrectly. This corrective rezoning seeks to re-assign this portion a B-1 zoning district located at 1586 W. Broadway Avenue, at the northeast corner of S. Ironwood Drive and W. Broadway Avenue for future commercial development opportunities.

Assistant Planner Stephanie Bubenheim presented case PZ-1-16, a city-initiated corrective rezoning of a +/- 1.25 acre vacant portion of a +/- 8 acre parcel, located at 1586 West Broadway Avenue, at the northeast corner of South Ironwood Drive and West Broadway Avenue. She said staff had brought this to the commission a few week's ago and received direction to proceed at that time. She told the commission that during the adoption of the city's new zoning maps this portion was zoned incorrectly. She said staff is recommending approval to establish the general commercial zoning on the vacant southern portion of the property, about 1.25 acres, as it is not large enough to support a recreational vehicle park.

Chair Nesser asked if the zoning was not changed did that mean they couldn't build commercial on that site. Assistant Planner Bubenheim said that is correct.

Chair Nesser opened the public hearing.

Steve Bocker, 351 North Ironwood Drive, Apache Junction requested to speak. He asked if someone could define what the road frontage would be.

Senior Planner Rudy Esquivias stated that if he recalled correctly both Ironwood Drive and Broadway Road were designated to have 100 foot right of ways.

The public hearing was closed.

Commissioner Frank made a motion for approval with all recommended conditions. Vice Chair Hill seconded the motion. The commission approved the motion with a 7-0 vote.
