Yes: 4 - Commissioner Schroeder, Commissioner Buzzin, Commissioner Heck and Commissioner Frank

No: 2 - Chairperson Nesser and Commissioner Howard

Excused: 1 - Vice Chair Hill

Senior Planner Rudy Esquivias presented case PZ-2-16, a proposed Planned Development Major Amendment request by Apache Junction Landfill Corporation, represented by Stephen W. Anderson and Lindsay Schube of Gammage and Burnham PLC, to amend the conditions of their B-5/PD (Heavy Industrial by Planned Development with a Special Use Permit for a Municipal Solid Waste Landfill)-zoned, 129-acre property at 4050 S. Tomahawk Road, to establish a final closure date, certain development standards and infrastructure obligations related to the design and financing of the closure, and post-closure use and activities.

Senior Planner Esquivias reviewed the recommended conditions of the ordinance approval with the commission. He addressed their questions regarding length of time until closure and possible future development.

Stephen Anderson, 2 N. Central, 15th Floor, Phoenix, Arizona representing Republic Services addressed the commission. He addressed their questions regarding height of landfill and amount of waste and soil; Tomahawk Road improvements.

Chair Nesser opened the public hearing.

Andy Kunasek, 9131 N. 48th Place, Paradise Valley, Arizona asked the commission to recommend to council to deny this application.

Commissioners had some questions for staff regarding current landfill height, if they had already exceeded it, if they can deny, or whether they can continue this item.

City Attorney Joel Stern recommended the commission request the applicant return to the podium to address their questions to him, but they would also have to re-open the public hearing to speakers.

Commissioner Heck asked the applicant on clarification regarding the original ordinance and the

height of the landfill.

Stephen Anderson returned to the podium and clarified what the height restrictions and limitations are, and the importance of an actual closing date. He asked Doug Sawyer, Environmental Manager for Republic Services to address the commission regarding height and the settling of the actual landfill to accommodate the height restrictions.

Doug Sawyer, 1011 W. Butler Dr., Phoenix, Arizona explained why there are two different height requirements in the ordinance and explained that landfills are designed based on the shape and size of the land it sits on.

Mr. Anderson returned to the podium and answered some questions from the commission regarding a future closure date, volume of the landfill, and how that relates to the current and required height of the landfill.

Chair Nesser re-opened the public hearing.

Andy Kunasek, 9131 N. 48th Place, Paradise Valley, Arizona said he feels that staff should begin a code enforcement or zoning violation case against the landfill operators and repeated his desire that staff deny this amendment.

Chair Nesser closed the public hearing.

Commissioner Heck made a motion to approve amendment case with the following changes; condition #4, change closure date from 2035 to 2025; add condition #12, Apache Junction Landfill Corporation will create a natural barrier between the landfill and all neighborhoods; such barrier in the form of trees or natural landscape to be agreed upon between city and landfill.

Commissioner Buzzin seconded the motion. Chair Tesser and Commissioner Howard voted no. Motion passed with a 4-2 vote.

6. Old Business

None.

7. New Business

None.

8. Information and Reports

Senior Planner Rudy Esquivias reminded the commission that the joint Planning & Zoning and Parks & Recreation Commissions meeting will be Wednesday, April 6, 2016 at 6:30 p.m. in the City Council Chambers following the Parks & Recreation Commission meeting and the second community workshop for the ASU Capstone Project is Wednesday, March 30, 2016 at MGC at 6 p.m.
