Subject: RE: liquor license applications - department recommendations reminder

In regards to A Plus Product Source the building division is not aware of any reason to deny the requested license.

The issues related to Cobbs will require more time for me to put together. Zoning, Building and Fire all met yesterday regarding this request and there are multiple issues that need to be documented. I am working on it as fast as I can.

Subject: liquor license applications - department recommendations reminder

This is a reminder that the department recommendations for the liquor license applications for A Plus Product Source and Cobbs (for the craft distillery) are due at noon today. Please have your recommendation to me as soon as possible so that it can be included in the packet material.

Jan Mason
Deputy City Clerk
