Subject: First Amendment Project No. PW2017-09

City staff respectfully requests city council approval in extending the contract term with Viasun Corporation for project PW2017-09. The request is due to unforeseen delays in availability of essential crushing equipment to perform the work as outlined in the agreement. The new addition of ninety days would allow the work to fully conclude by the end of the contract term.

The work specified in the agreement is the crushing of the city's current stock of asphalt concrete to be used for street maintenance purposes. The contract for this work was awarded on June 20, 2017.

Original agreement is supplied for reference.
