Subject: AJ-Pinal County Equipment Intergovernmental Agreement

For the past several years, the City of Apache Junction Public Works Department identified the opportunities that a mutual vehicle and equipment intergovernmental agreement (“IGA”) with Pinal County would have for the routine Public Works operations of both jurisdictions. Previous similar IGAs have been in place and utilized in years past. The attached IGA is a product of recent efforts to revive a standing IGA between the two jurisdictions that would facilitate both entities’ efforts with maintaining and developing its community infrastructure.

The Public Works Department is requesting City Council approval allowing the mayor to sign the IGA with Pinal County for the sharing or “leasing” of vehicles and equipment. Discussion of this IGA is offered for city council work session with a planned return for a regular session approval in October.
