Subject: RE: Elks #2349 special event liquor license application for Beer and Brat Feast on February 22, 2018

Jan:

The Planning Division does not object to this special event by the Elks on February 22, 2018. They have had similar successful events in the past.

In an effort to be consistent in our reviews of these types of applications, in the future, the Planning Division would like for more accurate and preferably professionally drawn and dimensioned site plans to accompany these applications. A good site plan should show the correct configuration of the property and any buildings on it, as well as marked parking areas, extension of premises areas, activity areas, porta-john locations, beer gardens, access points, secure or roped-off areas, and other details particular or important to the individual event, including floor plans if necessary. Thanks.

Subject: Elks #2349 special event liquor license application for Beer and Brat Feast on February 22, 2018

I have received a special event liquor license application from Elks #2349 for the Beer and Brats Feast to be held on February 22, 2018. Please have your department recommendation to me no later than noon on Wednesday, October 4, in order for it to be included in the council packet.

The Elks filed four separate applications today. This is the third of the four.
