ANNOUNCEMENT OF CURRENT EVENTS

Vice Mayor Wilson announced the Mud Run will be at the rodeo grounds this weekend.

Councilmember Evans announced two weeks ago the council met with the local multiple listing service board, the political watchdog over cities to make sure the city is not overstepping its bounds, for an exchange of information. She called their leader today and he informed her they like coming to Apache Junction out of all the cities in the southeast valley the most because at those meetings each side asks questions and interacts. The other cities appear to put on airs and show what they accomplished with no real dialogue. It shows the city is more approachable.

Councilmember Waldron reminded everyone of the annual Veterans' Day Parade on November 11.

Councilmember Waldron announced November 11 is also the weekend for the Festival of the Superstitions. It is at Flatiron Park.

Mayor Serdy announced there are 21 new trees planted and some boulders on Royal Palm that have been donated by the residents.

Mayor Serdy announced the new Fry's will be opening up on October 27 with a ribbon cutting at 7:30 a.m. The gas pumps will open up next week.

CITY MANAGER'S REPORT

REGULAR MEETING OF THE CITY COUNCIL

OCTOBER 17, 2017

PAGE 3 OF 18

City Manager Bryant Powell commented on the Halloween event, the Veterans' Day Parade, the Holiday Light Parade and Officer of the Year Wes Kelly.

Assistant City Manager Matt Busby gave the monthly financial update.

Councilmember Struble commented comparing the year to date of actual sales tax collection and accruals, it is much lower for this year compared to previous years. He asked if that means we are still lacking the state reimbursing us the money that we are due.

Assistant City Manager Matt Busby stated that is very much the case. They are still trying to figure it out, and he thinks the state is trying to figure out their systems and remit it to us in a timely manner. What we are used to getting is changing now since last January when the department of revenue began collections.

Councilmember Struble commented when you look at our specific revenue, most of our collections are up from other revenue sources and such but it has very significantly dropped from year to year from our self-tax collection. He wanted to make a point of it so that if there is anybody out there that represents us on the state, please pay attention to it.

IRONWOOD DRIVE FROM BROADWAY TO
APACHE TRAIL)

) Development Services

Director Larry Kirch briefed the council on the item.

Councilmember Barker
commented no RV storage areas.

Development Services Director
Larry Kirch stated that would probably be one of the uses we
would say would not be allowed. They were recently meeting with
an architect who was working on a possible medical office in
that corridor. He was trying to put a medical office building
of about 9,000 sq.ft. That will be a good test for them to see

what they might need for a landscape buffer, possibly moving it to the north property line instead of having it along the roadway. He thinks it will be a good update.

City Manager Bryant Powell stated he wanted to thank Larry and his staff for moving quickly. They have an economic development opportunity and they needed to move to see if they could get some things happening in that area. A very good group is interested in making that happen.

Mayor Serdy called for any further discussion. There being no further discussion, he called for a motion.

City Attorney Joel Stern asked if he was asking if a nonresident can be a member of the board.

Mayor Serdy commented that is correct.

City Attorney Joel Stern stated the answer is yes.

City Attorney Joel Stern stated they do not have to be linked to the sewer and they cannot own more than 40 acres within the district.

RECRUITMENT OF THREE BOARD MEMBERS
FOR THE CONSTRUCTION CODE BOARD OF
APPEALS AND ONE BOARD MEMBER FOR
THE MUNICIPAL PROPERTY CORPORATION)

) City Manager Bryant Powell
briefed the council on the item.

Mayor Serdy commented the reason this came back is because they did not have enough applicants last time that were qualified.

Councilmember Barker commented they were not qualified so that has to be emphasized as we go out for this, that the applicant has to be a contractor, has to be an engineer, et cetera.

City Manager Bryant Powell stated they will emphasize that. He thinks that is very important, especially on the Construction Code Board of Appeals. They will be ready for that once they are given direction to recruit. He asked if there is any other place that they are missing that they can think of. They are trying all avenues of social media and the traditional ways. Maybe there are other ways.

Councilmember Rizzi asked what the minimum age must be. She asked if they could go to any of our youth for any of these.

Councilmember Struble commented they have to have an engineering degree.

Councilmember Rizzi commented they could not be for the construction board. She asked what is the minimum age for the other one.

City Clerk Kathleen Connelly stated she did not think they could be on any one.

City Attorney Joel Stern stated they have to be 18 and over.

Councilmember Rizzi commented they have to be 18. She asked if they can check with the college.

City Manager Bryant Powell stated Central Arizona College.

Councilmember Barker commented they should put a recruitment poster up at Central Arizona College in the library.

City Manager Bryant Powell stated they can talk to Jeff Bunkelmann and see what they could do.

Councilmember Rizzi commented they could say they need the younger generation involved.

City Manager Bryant Powell stated this is how we learn about local government.
