Subject: RE: Liquor License application for A&D Shell

Jan:

The Planning Division has no objections to the new liquor license interim permit for the new owners of the Shell station and convenience mart at 420 N. Apache Trail. The property has long been developed with the existing uses and is properly zoned. We request that the new owners check with the city's building division regarding any permits which may be needed to make repairs to the canopy over the gas islands, which apparently has been recently damaged again. Thanks.
