City Of Apache Junction
Attn Bryant Powell – City Manager

I am writing this letter regarding the City Council's approval of the loan documents submitted in connection with the \$34,000.00 loan from the City of Apache Junction to Apache Junction Villas, LLC for the purposes of developing the Apache Junction Villas, an affordable housing development within the City's limits.

It is my understanding that the City council normally conditions approval of such documents on the documents being submitted in final, executed form. We believe the Loan Documents submitted for approval are in the final, executable form and are therefore submitting the documents for final approval and execution by the City Of Apache Junction.

Therefore, I propose and request that the Loan Documents, including the City's loan documents and the U.S. Bank Documents, be approved by the City for signature. I have overnighted the cashier check to the City Attorney, Joel Stern, to be used as collateral against the loan

I express my sincere thanks and appreciation to everyone at the City Of Apache Junction for the many efforts required for all approvals to permit the project to move forward.

If you have any questions or need any additional information, please do not hesitate to contact me at any time.

Sincerely,

Gregory A. Wagner

President
