---

Date: May 8, 2018  
To: Mayor and Members of the City Council  
Through: Bryant Powell, City Manager  
Mike Wever, Public Works Director  
From: Shane Kiesow, Public Works Manager  
Subject: Discussion/Presentation of Project #: PW2018-02

City staff respectfully requests city council consideration of award of contract to Viasun Corporation for project PW2018-02. This work is included in the FY 2018-19 Street Maintenance Plan. The Plan is scheduled to be presented and discussed at the June 4, 2018 city council work session.

The project consists of extending the existing concrete lining of the drainage channel on the east side of Phelps Drive at approximately Sierra Vista Drive to Broadway Avenue. Majority of the work is anticipated to last a week and be during daylight hours only. Public notification is planned through a news release due to foreseeable intermittent disruption of traffic along Phelps Drive.

Time is of the essence to get this work scheduled for early July 2018 before the onset of seasonal monsoon storms prompting this item to come before city council before final budget approval. The agreement for this work includes a "non-availability of funds" escape clause if project is not budgeted.

City staff plans to bring forth this consideration of award for presentation and discussion at the June 4, 2018 work session with potential award arranged for June 5, 2018 regular session.
