Subject: Project # PWC2018-14 Award

City staff respectfully requests city council consideration of award of contract to Sunland Asphalt for project PWC2018-14 for the asphalt concrete overlay of Ironwood Drive from Lost Dutchman Boulevard to McKellips Road. This work is included in the FY 2018-2019 Street Maintenance Plan presented and discussed at city council work session on April 4, 2018.

The work would be scheduled during the day only for the safety of the traveling public and workers. Majority of the work would be during business hours only with no weekend work planned. Public notification will include pre-warning signage along the roadside at least a week in advance along with the usual news releases/advisories of road and/or lane closures and related detours.

Work would be planned for this fall before colder winter temperatures make it less than ideal of hot-mix asphalt concrete work.
