Maureen:

The Planning Division does not object to this one time chamber of commerce event. It appears that adequate security and other safeguards will be provided. Please advise event organizers that any event day signage should not be placed in the city's right-of-way and/or on sidewalks, such that vehicular or pedestrian traffic is obstructed. All event day signage should be removed immediately following the event.

It is unclear from the application what event this is or what function the three named restaurants will play in the event. More information in the future would be helpful. Thanks.
