Subject: Fiscal Year 2019-20 Public Works CIP & Street Maintenance Plan

Public Works staff respectfully brings forth the Fiscal Year 2019-20 CIP & Street Maintenance Plan for presentation and discussion. The presentation will focus on the street maintenance and capital improvement projects planned to be performed within the new fiscal year, July 1, 2019 through June 30, 2020.

Presentation is for information purposes and the opportunity for councilmembers to ask questions. An oversize hardcopy map will be provided showing the location of the planned projects. Many projects in the plan to be done by contractors will come back to city council per city's procurement rules for award. As things move forward, Public Works will plan to keep city council abreast of any significant changes to this plan.
