Subject: Consideration of award of contract to Viasun Corporation

Public Works staff respectfully brings forth project PWC2019-59 for presentation and discussion. The presentation will focus on the scope of work and reasoning behind the project which entails the lining of the Delaware Drive ditch at Palm Wash with shot concrete. This project was not identified in the Fiscal Year CIP/Street Maintenance Plan and is now being brought forward due to unforeseen need. Presentation is for information purposes and the opportunity for councilmembers to ask questions.

Staff looks to bring the item back for city council consideration of award at the January 21, 2020 regular session meeting as a consent item.
