2020 Apache Junction Water Festival

Apache Junction Water Festival

Volunteer with us!

Join us for the 8th Annual Apache Junction Water Festival, an educational field day event that instills a deeper understanding of water in the earth system and Arizona's water resources to:

- Celebrate science and water stewardship
- Activate hands-on learning activities for students
- Contribute to your community

We need YOU!

We'll train you on how the Water Festival works so you can feel confident when you teach 4th grade students all about water. Then, at the Water Festival event on April 23rd you will teach the lesson you were trained on. We will provide lunch and snacks throughout the day.
