Jillian, The operators of Dino's Deli are in the permitting process and have provided permit application and plans for the tenant improvements to be made to accommodate the restaurant. The Building Division does not have any objections to council approval of the liquor license since the operators will have to complete the review, remodel, inspection and certificate of occupancy process prior to opening.

Thank you,

J. Davis "Dave" Zellner, CBO

Good Afternoon,

Due to Dave not receiving building plans prior to the liquor license application, I will be pushing the public hearing back to the September 15th council meeting. The owner turned in plans this past Wednesday so hopefully we will be good to go for the September 15th council meeting. Please submit your recommendations to me by September 1st. If there are any more issues that arise and we need to push this back again, I will let you all know.

Thank You,

Jill Bright
