From: Shane Kiesow, Public Works Manager  
Subject: Project # HFS20-20 Award

City staff respectfully requests city council consideration of award of contract to Franklin Striping for project HFS20-20 for the restriping of select city streets. This work is allocated in the current fiscal year HURF budget.

The work involves refreshing of existing street lines and markings to keep them up to retro-reflectivity standards and safety. This work is planned annually; some streets needing restriping more often or less depending on traffic volumes and street maintenance activities. The work would be scheduled during the day-time hours only with limited impacts to traffic lanes and driveways of short duration.
