Subject: Resolution No. 20-41

Public Works staff respectfully brings forth Resolution No. 20-41 for presentation and discussion. The presentation will focus on added features of the proposed first amendment to the existing intergovernmental agreement ("IGA") with Pinal County for the cooperative maintenance of select streets within the city and border with Pinal County.

The specific streets identified in the IGA are "scalped" streets, where one jurisdiction owns one half while another jurisdiction owns the other half or are small segments that are surrounded by the majority of the other jurisdiction. The current IGA specifically adds consistency in street maintenance contributing to street quality, street beautification and safety through uniform maintenance. This amendment adds a few more road segments to this 2018 IGA along with a 10 year term to the agreement that did not exist in the original IGA.
