Subject: [External] Residences on Broadway-Tomahawk by Withey Morris

Hello,

My name is Hank. I own the Canyon food mart 76 Gas station on Old west hwy and the parcel by the propose residences by Withey Morris. I had attended the virtual meeting on Tuesday and met the team of the builder there. I encourage and support the new proposal for that location. Not only I think that it would benefit the business around there but it would help attract residences that would get to enjoy what Apache junction has to offer.

Sincerely,
Hank
