Director Esquivias stated that the current art fund budget is \$111,800.27, but that the dog park artist remaining balance and other incidentals were also coming out of that fund, which gives us between \$70,000 to \$80,000 to spend on future projects. He stated that future commercial multi-family housing projects fees will be adding additional revenue to the art fund budget.

3. [23-225](#) Possible locations for temporary artwork:
- Banners for buildings (interior/exterior).
 - Crosswalk and sidewalk art.
 - Stoplight signal cabinets at intersections.

Dianne Cripe presented and discussed possible locations of artwork, including public buildings (such as the library, Multi-Gen, PD), city parks and intersections. She stated the “call to artists” might include a specific theme, and that the artwork should be installed on public property.

The commission formed two groups and went into break-out session for 25 minutes to discuss types of artwork and locations using the handouts and map provided.

The first group stated liked having a temporary sculpture at the library, Multi-Generational Center (MGC) or Flat Iron Park, temporary vinyl banners at the MGC or library, with a collaborative effort with artists from the area, schools and the Boys and Girls Club, and utility box wraps on Old West Hwy.

The second group stated they liked the pole banners, vinyl banners, median art, and having a community competition for the vinyl banners and indoor murals.

4. [23-226](#) Discussion on artwork for other areas:
- Round-a-bout.
 - Veteran's Park.
 - Median art on Apache Trail.
 - Silly Mountain.
 - Other places?
