

Legislation Text

File #: 16-30, **Version:** 2

City Manager Bryant Powell will be in attendance to speak to the Library Board.

Meet Library staff member(s) or Library VIP's. Members of the Library staff or other very important people to the library (volunteers, Library interns, members of the Friends of the Library, grant funded positions, City staff, etc.) will make introductions to the Library Board and tell about what they do for the Library, how they help the Library and any background information they may wish to share. Board members may ask follow-up questions of the individual in an effort to get to know the staff member or VIP better. No action is required.
