Discussion on proposed changes to City Code Chapter 8 Business and City Tax Code in order to make both codes compatible with changes in state law; restore the pre-July 2007 manner of licensing businesses; establish a means of meeting the needs of zoning and building codes, law enforcement and public safety and meet local needs where possible. This discussion will focus on the most critical portions of Chapter 8 and the city tax code in areas of licensing, vendors, business and tax license fees and health department approval for temporary food and beverage vendors. This item will be placed on the July 18 agenda for possible direction to staff if council is prepared to do so.
