File #: 17-381, **Version:** 1

Consideration of Ordinance No. 1450, amending Apache Junction City Code Chapter 8 Business in the areas of business licensing, businesses, events and mobile food vendors to include applicable fees. As discussed at the July 17 Work Session , council direction at the July 18 meeting and discussion at the September 5 meeting, these changes would restore the business license program as it existed prior to July 2007, would make changes to the events process and update requirements for mobile food vendors to meet county standards.
